

I am a listener and supporter of K-LOVE because its programs and music serve me and benefit my family as well as my local community. I am concerned about the future broadcasting of K-LOVE because of the proposal to expand LPFM stations thereby allowing them to take priority over the current FM translator service. Hundreds of thousands of people listen to K-LOVE on the FM translators in their local communities and while traveling across the continental United States. It is very important to me that this communication continue. I believe that it is not only of personal interest, but also it is of public interest because of the encouragement and hope that K-LOVE provides. I am committed to this cause and appreciate your consideration.

Sincerely,

Dr. Kimberly Bryson
